Delve into the Tapestry of Human Civilization

**CULTURAL FACTORS**

**DEFINITION**

Cultural factors refer to the shared values, beliefs, norms, artifacts, and practices within a society or group that shape individuals' behaviors, perceptions, and interactions. These factors play a crucial role in defining a society's identity and influencing how an individual might be able to (and not able) to behave within the norms of the culture.

**EXAMPLES**

**Gender Norms:** The gender norms of a cultural group can be a cultural factor that affects whether a woman can get a certain job and what's expected of people of all genders.

**Attitudes to Authority:** A culture's attitude toward authority can be a factor that influences whether an individual of a particular culture is willing to heed public health advice.
